## WHAT IS THE COLLEGE? WHAT DOES IT ACCOMPLISH?

The College, founded in 1872, is an institution exclusively for the Blind. Students are received from all parts of the British Isles and the Colonies. The College is quite undenominational in character. *Its object is to train the Blind to earn their own living, and to render them independent, self-reliant citizens.* Incredible as it may appear, this is an object which the College has succeeded and does continually succeed in accomplishing, and *there are now more than 600 former pupils earning their own living.*

84.4 per cent. of the graduates are filling their place in the world as organists and teachers of music, pianoforte tuners, clergymen, school teachers, governesses, shorthand typists, etc. Without the College training many of them would still be helpless and hopeless and a permanent charge on the rates. The College is therefore an economic asset to the community, and should receive whole-hearted and generous support.

*As originally it arose, so it has continued, very largely by voluntary effort.* The College is *in urgent need* of funds to continue its good work and secure such an endowment as will place its national and imperial work for the Blind on a permanent financial basis. *You therefore who can see, will you not help the Blind* and give them the interior light of intelligence and hope to gain their livelihood?

**It is considered a grand and noble act to endow a College for the Sighted. Is it less noble to do so in the case of the Blind?**

It should ever be remembered that it is cheaper to educate the Blind than to support them as paupers, while the moral and physical benefit which is given to any individual by training him to become a self-respecting citizen is an asset which cannot be over-estimated.

“Help me to need no help from men  
That I may help such men as need.”

## SOME OF THE "FIRSTS" WHICH HAVE BEEN GAINED BY THE COLLEGE.

---

1. *Pianoforte Tuning*, 1873.—A fuller and more comprehensive form of Training than had ever yet been given in this country.

Instruction in the tuning of the Player-piano was commenced in 1917. The results have been more than satisfactory and have exceeded all expectations.

2. *Physical Training*, 1873.—All forms of physical training, according to the Swedish, German, British and American systems.

3. *Dramatic Performances*, 1881.—Mendelssohn's "Son and Stranger" was given in this year with only two seeing people in the cast. So much success was achieved that a Committee in Glasgow paid the expenses of the Party to give a performance in the St. Andrew's Hall of that city. Enough money was raised by these performances to print the Cathedral Psalter in Braille. All forms of acting are of the greatest value to blind people, and greatly assist in helping them to overcome stiffness of movement and awkward mannerisms. Since 1881 there have always been annual performances.

4. *Kindergarten*, 1882.—The first School for the Blind in the world to open this particular branch of education.

5. *Swimming and Life Saving*, 1883.—Through the liberality of the late Dr. T. R. Armitage, a bath 55ft. long, 25ft. wide, and from 3 to 6ft. deep, was added to the College equipment. The Royal Life Saving Society was founded in 1891, and in 1892 five boys were successful in gaining their Proficiency Certificate. Since that date 44 Certificates and 17 Medallions have been won.

6. *Toothed Wheel Pencil and Compasses*, 1886.—These instruments enabled pupils to make their own geometrical figures and were specially useful in the working out of riders. Prior to this time attempts had been made to work figures with a needle and thread, but naturally with but little success. H.M. Inspectors of the Board of Education, heartily congratulated Mr. Guy Campbell in having introduced them into the College. The National Institute now manufactures and sells these exceedingly useful articles.

7. *Cycling and Roller Skating*, 1887.—Eight-in-hand and twelve-in-hand cycles were purchased, and in addition to thoroughly touring over the roads of Surrey and Kent, journeys were repeatedly taken to Brighton and back, to Birmingham and to Derby.

Roller skating still continues to afford one of the most pleasing and healthful recreations at the College, and at various times the tests of the National Skating Association for Great Britain have been frequently passed.

8. *Typewriting* 1887, *Shorthand* 1898.—Though typewriting and shorthand were started prior to these years at Birmingham, the College was the first to draw up and arrange a scheme of work which would qualify students to earn a living as professional typists and shorthand writers.

9. *Training College*, 1895.—The Board of Education sanctioned the opening of a Training College Department for the training of blind people to become teachers. As a result, graduates have been employed as teachers at Birmingham, Bradford, Burmah, Cardiff, Ceylon, Glasgow, Leeds, London, Montreal, Newcastle, Nottingham, Southsea and many other Institutions.

10. *Examinations of the Royal Academy of Music and Royal College of Organists*, 1901.—This was the first year in which these examinations were undertaken. To date, 54 students and graduates of the College have gained the Associateship and 22 the Fellowship of the Royal College of Organists, while 36 have won the Licentiateship of the Royal Academy of Music.

The following prizes have also been won :—

Lafontaine Prize, Fellowship.....	Henry Newell .....	July, 1916.
„ „ Associateship...	Victor Spanner .....	„ 1907.
„ „ „	Sydney Anstey .....	„ 1910.
Sawyer Prize .....	Andrew Fraser .....	„ 1913.
„ „	Sydney Jones .....	Jan. 1920.
Turpin Prize, Fellowship.....	Wilfred Kershaw (the late) .....	July, 1914.
„ „	Leonard Marsh .....	Jan. 1918.

11. *Degree of Mus. Bac.*, 1910.—Victor Spanner was the first pupil who obtained this Degree while a student of the College, though two other graduates gained the distinction many years prior to this date, after leaving the Institution. In September, 1918, Leonard Marsh was also successful.

## How you may help the College.

---

1. By giving a Donation to the General or Endowment Funds.
2. By becoming an Annual Subscriber to the General Fund.
3. By collecting Donations and Subscriptions (official collecting cards will be gladly sent to you from the College).
4. By employing our Certificated Pianoforte Tuners to tune your piano.
5. By recommending these Tuners to the notice of your friends.
6. By sending orders for typing, duplicating, etc., to be done by our girls.
7. By recommending our qualified typists to the notice of firms as well as individuals.
8. By putting us in communication with any blind person between the ages of eight and sixteen who is in need of training.
9. By employing or recommending the employment of our musical graduates as organists and music teachers, and of our literary graduates as teachers or governesses.
10. By organising meetings in your district at which speakers from the College can explain the work.
11. By promoting concerts and gymnastic or swimming displays given by the pupils in aid of the funds of the College.
12. By securing an annual Church or Chapel collection and inviting the pupils to render the musical portion of the service in order that their ability as organists and singers may be demonstrated and thus lead to future employment.

**Pianoforte Tuning Department.**—The College has Certificated Piano Tuners with practical experience in its employ, for whom the Authorities are seeking employment. All orders for tuning will receive prompt and careful attention. For particulars, address: ROYAL NORMAL COLLEGE, "TUNING DEPARTMENT," UPPER NORWOOD, S.E. 19.

"The purpose of this letter is to ask you to convey to your tuner our appreciation of the perfection of his work. It is sheer joy both to use and to listen to an instrument that has been tuned to such a degree of accuracy and with such obvious care and skill." W. G.

**The Typewriting Department** is prepared to execute rapidly and accurately all descriptions of typewriting and duplicating. For estimates apply:

ROYAL NORMAL COLLEGE, "TYPEWRITING DEPARTMENT," UPPER NORWOOD, S.E. 19.

**The following Testimonials have been selected from many others received :**

"I am in receipt of your letter enclosing account for the reports which you have done for us. I am pleased to state that the work is quite satisfactory, in fact the best of the kind that we have ever had. I shall most certainly send you any further work of this sort that I may have and shall make known as widely as possible the first class way in which you turn out orders." J. J. S.

"I have received the papers and am much pleased with them."

W. E. R.

" . . . . I have again to thank you for the excellent way in which the work is done. I cannot find any mistake in any of the three plays your girls have done, and I shall not hesitate to recommend your typing and to speak in the highest terms of the efficiency of the work." F. R. C

## A Dozen DONT'S in Dealing with the Blind

By J. A. CHARLTON DEAS,

Director of the Sunderland Public Libraries, Museum and Art Gallery.

1. DON'T treat the blind as though they were abnormal specimens of humanity. Never talk to a blind man as though he were deaf, or credit him with a child-mind, or address him through a medium!
2. DON'T refer to blindness as an "affliction," it is a "handicap." Never express sympathy for a blind person in his hearing, for you don't please him any more than you would a cripple by discussing lameness in his presence; there are more practical outlets!
3. DON'T try to carry a blind person when he is entering a tram or train, crossing a road, or going upstairs. He is not usually lame, and only needs to have his hand placed on a handle or rail. A touch on the arm is sufficient for leading. You need not help him to sit down once he knows the location of his chair.
4. DON'T "tack" when piloting him across a road; avoid angularity, and go straight across if possible; otherwise, you may upset his reckoning or cause him to founder or side-stumble on reaching the kerb.
5. DON'T think that a blind guest is a serious responsibility, will break up your home, or need someone to dress, bib and feed him! To leave him a candle, and locate the looking-glass, are frequent errors!
6. DON'T ascertain if a blind man takes sugar to tea, by enquiring of his wife or friend; his own mentality is usually capable of enlightening you on any such matter!
7. DON'T make unusual revisions in conversation, such as withdrawing the word "see," and substituting "heard." Use the word "blind" without hesitation, if you are discussing "blindness" with those so handicapped, but don't substitute this topic for the weather!
8. DON'T fail to speak, if only a word, on entering a room in which there is a blind person; it announces your presence, and helps to identification. Always shake hands when meeting or leaving a blind friend; for "a handshake is as expressive as the face," and is the substitute for the smile of friendship!
9. DON'T take it for granted that every blind person is a musician—or an idiot! Refrain from continually exclaiming "wonderful" or "marvellous," because he can do quite usual things, such as—tell the time by his watch, fill and light his pipe, or discover when it has gone out!
10. DON'T talk of an "extra sense," or "providential compensations," and so perpetuate an obstinate delusion. The so-called "miraculous" is only extra development!
11. DON'T limit your knowledge and interest in the blind generally, to the street mendicant, who is frequently a social parasite from choice!
12. DON'T be patronising with the blind, always be natural, and never fail in real kindness, for, "you never know, you know."

## Obituary Notices.

The Board of Governors have most regretfully to announce the death of The Dowager Lady O'Hagan and Sir Arthur Pearson, Bart., G.B.E.

Lady O'Hagan took up the work of the College in 1892 and her interest continued unabated during the last thirty years. Her house was generously placed at the disposal of the Ladies' Committee for Meetings and in every way possible she advanced the cause.

The College has lost a tried and proved friend.

Sir Arthur Pearson's tragic passing to the Great Beyond was a calamity to the Blind world. The following resolution was forwarded to Lady Arthur Pearson:—

"The Board of Governors of the College desire to tender their deepest sympathy to Lady Pearson for the bereavement which has so suddenly and tragically befallen her. The passing of Sir Arthur Pearson removes a great leader of the Blind and one whose personality proved of incalculable value in stimulating in especial those who lost their sight as adults, in the Great War. Sir Arthur's activities were not confined to benefitting only the British Blind but were heartily and willingly placed at the disposal of all belonging to the Kingdom of the Blind, as shown by what he was able to do in the United States, France and Italy.

His example will remain ever green in their memories. May the Great Comforter aid and support you in this sad hour."

To this Lady Pearson replied:—

"I most deeply appreciate the condolences which the Governors of the Royal Normal College have sent to me, and the words of praise which they have conveyed in regard to my husband's great and unselfish work for others. Though so sad I am indeed proud of the world-wide recognition of his efforts."

The College Choir attended the Funeral at Hainpstead Cemetery and sang the following Anthems and Hymns: "O Saviour of the World" (Goss); "Thou wilt keep him in perfect peace" (Williams); "Crossing the Bar" (Barnby); "Abide with me," Lead Kindly Light," and "For all the Saints."

The following letters were received from Mr. Bates, Secretary of the Blinded Soldiers' and Sailors' Care Committee, and Mr. Williams, Resident Chaplain, St. Dunstons:—

"Will you please convey to the Choir sincere thanks for the great pleasure given to all mourners present at the Funeral of our late beloved Chairman by their beautiful and touching rendering of the hymns and anthems at the graveside."

"Please tell the Choir how much I appreciated their delightful singing, and how exceedingly helpful they were. The Press were loud in their appreciation of the Choir's work, and they can feel they contributed no small part to the wonder of the day we had yesterday."

The Board of Governors also desire to place on record their very deep indebtedness to their late colleague, Sir Arthur Pearson, for securing to them the sum of £5,000 when they were struggling to win the Carnegie Grant in 1916.

## Report of Board of Governors.

The Board of Governors are greatly encouraged in their difficult task of finding the means to carry on their National and International work for the Kingdom of the Blind by the continued approval and financial help of their Royal Patrons, Their Most Gracious Majesties The King and The Queen, Queen Alexandra, and H.R.H. the Prince of Wales, H.R.H. The Duke of Connaught and other Vice-Patrons.

It is a matter of great regret that there is no improvement in the increase of Annual Subscriptions or in Donations to the Endowment Fund and the Equipment Fund, undoubtedly largely due to the strenuous and difficult times through which the whole Empire is struggling at the present moment.

We therefore feel compelled to draw attention to the formidable facts which face the Board.

The heating system of the Main Building is worn out, as can easily be imagined when it is realised it has been running over 40 years, and this cannot be replaced for less than £2,000. £750 is required for new pianos and another £250 for equipment. It will therefore be seen that the claims of the Board for an increased Annual Subscription List of £1,000 and an Endowment Fund of £75,000 is essential, if the aims and objects of the Institution are to be maintained and its scope properly enlarged to keep pace with the demands of the day.

**Successes of Students.**—Both in attainment and employment success continues gratifying.

The policy pursued by the Board of entering their pupils for the same examinations as seeing students, and so proving that the Blind, when properly trained, can "make good," is slowly but surely overcoming popular prejudice. The Public are realising that a Certificated Graduate is a business asset and are becoming more willing to give him "a fair field and no favour" when applying for employment.

Friends and supporters all over the country are urged, however, to continue to press the claims of qualified and only qualified students for a trial as Pianoforte Tuners, Musicians, School Teachers, Governesses and Shorthand Typists.

*Unfortunately, again, one note of warning must be sounded. Unscrupulous Blind people are to be still found claiming to be qualified when they are nothing of the kind. Sometimes these people obtain employment, and though they are soon found out and discharged, much harm as to the future employment of the Blind has been done.*

To safeguard against mis-representation all properly qualified students who leave the College are given a Certificate which, when asked for, they should be able to produce. We wish all prospective employers to know, that, if the Certificate cannot be produced, they will receive, on writing to the College, a reply by return of post, vouching for the statements of the applicant if they be true.

**Annual Prize Festival.**—This was held on the 15th July, when Lord Lamington (Chairman and the Board of Governors had the pleasure of welcoming Lord Aneaster (Under Secretary of State for Agriculture) to preside at the Festival and distribute the prizes.

The following extracts from the reports of the "Manchester Guardian," "The Christian," and the Crystal Palace Advertiser."

best describe what took place :—

Extract from report by "Manchester Guardian," 16th July, 1921 :—

Everyone would forgive one set of people who have been praying that it would not rain to-day. The Royal Normal College and Academy of Music for the Blind at Upper Norwood has been celebrating its annual prize festival this afternoon, and everything depended on fine weather. The pupils, small children, and youths almost or totally blind, cannot see how parched are the lawns in their spacious grounds, or how wilted are the fine trees, and they were eager to give their demonstrations out of doors.

The visitors were much impressed with the classwork done at small tables set on the grass, the nature study class—a very popular part of the curriculum,—the raffia work, and kindergarten work by the small children, and the cleverness of the geometry class, which felt out its problems with fragmentary lines and segments of circles made of metal.

In the gymnasium boys with a joyful freedom of movement did nearly all the things that people who enjoy sight do, and flung themselves over the vaulting horse with complete confidence. The girls in their gymnasium gave an exhibition of roller skating, and waltzed on their skates so cleverly that onlookers would not have detected their lack of sight.

An excellent concert followed, in which several students in turn took their places at the piano to accompany the choirs and soloists, and the festival concluded with an exhibition of Morris dancing and of drill.

The word the students most dislike to hear in connection with their achievements and performances is "wonderful." They prefer to think that they are people whose normal capacity is properly developed, but it is difficult for visitors not to express surprise when they see how cleverly these young people overcome their handicap.

The dances were done with admirable precision, and in the counter-marching and physical drill the momentary inaccuracy of one or two in the ranks was just enough to make one realise what careful practice and mental concentration had done to produce the effect of rhythm and regularity when no one could see his neighbour and everything was done by counting steps.

The great thing was that all the students taking part were firm in step and free in movement, and thoroughly enjoyed the exercise and applause. They were, whether doing class work or drill or talking among themselves, freer from sex consciousness than people with sight of their age, and this freedom gave them a peculiar charm.

They talk very happily of their school life and of the work for which they are being trained. One little girl said she hoped to be a teacher, of course in a school for the blind. A boy from the large section of piano-tuners was nearly ready to earn his living, and another was looking forward to a university course. Others may get work as visiting teachers of the blind. This opening existed even before the blind schools, but the standard of teaching has been gradually raised and the number of openings has increased.

Visitors with a knowledge of shorthand and typewriting especially admired the exhibition given by students of these subjects. They work on ingeniously adapted machines, and one girl delighted Lord Ancaster, who presented the prizes, by the accuracy with which she wrote down a rapidly dictated speech, and the speed with which she transcribed it as accurately on her machine. Sighted typists can allow themselves to make mistakes knowing that they can be corrected but the blind typist is from the first trained to perfect accuracy, and she excels at tabulated records. Working single-handed in an office she would be at a disadvantage, but one among several clerks she is well worth a good salary, and she gets it.

Extract from report by "The Christian," 28th July, 1921 :—  
 "WHICH—HAPPY OR HOPELESS?"

To realise what love, coupled with a great patience, can accomplish, a visit should be paid to the Royal Normal College and Academy of Music for the Blind, situate in Upper Norwood. This College, founded in 1872, is an institution exclusively for the blind, and is undenominational in character. Students are received from all parts of the British Isles and the Colonies, and they are of varying ages.

The College seeks to train these young people to earn their own living, as well as to render them independent, self-reliant citizens. It is satisfactory to know that there are now more than six hundred former pupils who are self-supporting; also that 84.4 per cent. of the graduates are filling their places in the world as organists and teachers of music, pianoforte tuners, clergymen, school teachers, shorthand typists, etc. It can well be imagined that without the training the College is able to give, many of these people would probably be both helpless and hopeless. With the realization of the economic asset of this Institution, the £75,000 required for the Endowment Fund should present no difficulty to well-wishers and supporters of this splendid work.

Many friends gathered in the College grounds last Friday, on the occasion of the Annual Prize Festival. During the afternoon the boys were to be seen at their gymnastics, and the girls roller-skating; while other children were engaged at their classes, geometry, arithmetic, etc. A pretty, but pathetic scene was the kindergarten corner, where little fingers were occupied in making baskets and threading beads in varied patterns. The concert given by the Students displayed great talent, and was listened to with much appreciation. It accorded no surprise afterwards to find that there was a long list of pupils who had succeeded in gaining diplomas and certificates in the musical department. While in the ordinary school subjects the achievements have been just as wonderful.

Extract from report by "Crystal Palace Advertiser, 23rd July, 1921 :—

The chair was taken by the Earl of Ancaster, and the company supporting him on the platform included Lord Lamington (Chairman of the Board of Governors), General Sir Archibald Hunter, Colonel F. Campbell, J.P. (Board of Governors) and Mrs. Campbell, Mr. C. J. Drummond, J.P. (Board of Governors) and Mrs. Drummond, Sir Edward

Thesiger, Mr. H. J. Wilson (of the Gardner Trust), Lt. Col. and Mrs. Cameron, Dr. Eichholz, of the Board of Education, the Mayor of Marylebone, the Principal (Mr. Guy M. Campbell), and many others.

Lord Ancaster having distributed the prizes and certificates, expressed in the course of a capital address his great pleasure and interest in all he had seen on that, his first visit, to the College. It had been a real pleasure to look over such an up-to-date, praiseworthy institution. He had seldom been so surprised with anything as with what he had seen that afternoon. The College, which was founded in 1872, was an institution exclusively for the blind. Its object was to train the blind to earn their own living, and to render them independent, self-reliant citizens. He thought that was an object they should all encourage, and one worthy of all praise. All those connected with it in the past 50 years must feel that by their exertions they had been turning out valuable self-reliant citizens, who but for the training they received at the College would have been a burden on the community. Over 600 of those who had passed through the College were earning their own living, and 84.4 per cent. of the graduates were filling places of the highest use; some in places of the greatest responsibility.

Lord Ancaster referred to the good work done at the College in training blind persons to act as teachers of the blind and read a letter of warm appreciation from the L.C.C. sent to Miss J. Butler, one of the earliest College graduates, who was trained as a school teacher and entered the services of the L.C.C. That letter, his Lordship observed, was a tribute to the good work of the College.

Like so many institutions in the country, the College was in need of money. £75,000 was required to endow it and place it on a sound footing, and he hoped the money would be forthcoming before March next when the College would be celebrating its Jubilee. He thought if the public knew the real value of the work the College was doing they would give liberally in order to put it on a firm foundation.

His Lordship added that the successes achieved by the graduates must be a source of congratulation to the Principal, the Staff and the Governors, and it must be a great encouragement to the present students to know that such wonderful results had been achieved by those who had gone before them. He said he had been amazed with what he had witnessed that day in seeing the classes at work, and referred in particular to the shorthand and typewriting, the mathematics class, and the excellent concert they had just heard.

The Mayor of Marylebone moved a hearty vote of thanks to Lord Ancaster. Lord Lamington seconded. He paid a warm tribute to the Principal and Mrs. Guy Campbell and to the staff. He expressed the thanks of the Board to the Crystal Palace authorities for affording facilities to the pupils to attend concerts at the Palace.

Mr. Guy Campbell (Principal), tendered thanks on behalf of the staff to Lord Ancaster for his encouraging address.

**Queen Alexandra Fund**—The Board of Governors desire to tender their very sincere and grateful thanks to the Queen Mother who has so continuously and so helpfully assisted the College by again allocating a grant of £100 from the Queen Alexandra Rose Day Fund and later by a further sum of £30 placed at Her Majesty's disposal by Miss Fenn.

**Gardner's Trust for the Blind**—The Board of Governors desire to tender their deep gratitude to the Trustees for the continuance of their generous help. During the year 24 boys and 10 girls sat for the Gardner Trust Scholarship Examination and 20 boys and 10 girls were successful in winning scholarships.

Mr. Henry J. Wilson, who was appointed Secretary of the Gardner Trust in February, 1882, was compelled on account of health to resign from the Trust and sever his connection with the Blind generally this year. Mr. Wilson, by his genial tact and unflinching courtesy, became known as the "Father Confessor of the Blind." Nobly did he fulfill this role. No one ever went to him with any case of difficulty, but felt the better for having gone. Most faithfully and loyally did he try to adjust differences and make "the Cause" run smoother. His retirement will be severely felt. All workers for the Blind sincerely hope his remaining years will be happy, restful ones.

In the early part of the year it was suggested a Testimonial and Dinner should be given to Mr. Wilson and the Principal was asked to act as Hon. Secretary and Hon. Treasurer, a request to which he gladly acceded.

The Dinner was held at the Holborn Restaurant on the 23rd June. Lord Shaw of Dunfermline presiding. Seventy-two ladies and gentlemen representing almost every Association of the Blind throughout the country sat down, and, in addition to a substantial cheque, an album, containing the names of every subscriber and with the following words on its first page, was presented to Mr. Wilson by the Chairman.

"We, the undersigned, beg your acceptance of this book as a token of the esteem and affection in which you are universally held and for your loyal and unceasing efforts to help forward the best interests of the Blind. That health and happiness will continue with you is our most earnest wish."

Speeches, and music, provided by students and graduates (all Gardner Scholars) from the College brought an eventful evening to a close.

**Renovation of Hall Organ.**—The Board of Governors desire to place on record their great appreciation of the generosity of the Carnegie United Kingdom Trustees in making a grant of £1,245 so that the Hall Organ was able to be entirely reconstructed and brought up to date. This will be a great boon to the organ students.

**National Institute for the Blind.**—During the year 10 students were assisted with grants toward their training. In addition, the National Institute donated a special Equipment Grant to each of the six male graduates who left. This practical help is greatly appreciated by the Board of Governors.

The College pupils have also been privileged in having an opportunity of studying at leisure the Institute's beautifully made models of a Watershed, River Basin and Lock, Glacial Valley, Strata (various)

and a Military Fort. Models to scale are one of the very best means of conveying correct ideas of shape and size to Blind people, and the Institute's willingness to lend these models to any Institution is of inestimable value.

**Staff.**—The work of the Staff, Musieal, Scholastic, Domestic and Clerical is maintained with zeal and energy.

The Board have to report the resignation of Miss Ruth Langlands in April, 1921.

The following resolution was unanimously passed:—

"That the sincerest thanks of the Board of Governors be and are hereby very heartily tendered to Miss Ruth Langlands for her zealous, faithful and painstaking service for the last thirty-two and a half years. She leaves with every good wish for health and happiness in the years to come."

The Board also wish to tender to Mrs. Pennington their sincere thanks for the unflinching zeal and energy with which she honorarily carried on the work of Primary Matron from August until December.

**Special Tribute to Former Graduate.**—Miss Marion Weaver, who graduated from the College in 1879, and took up work under the London School Board, was presented on her retirement, after forty-two years service, with a very handsome Japanese draught screen, an eider-down, a gold chain, and a box of choice fruit and flowers from those associated with her in her work at Barlby Road L.C.C. Blind School, North Kensington.

The Council of the L.C.C. wrote to Miss Weaver as follows:—

'The Council notices with regret that the time has arrived under the operation of the School Teachers Superannuation Acts for you to relinquish your position as head mistress of the Barlby Road School for the Blind, North Kensington, and it desires to place on record its acknowledgment of your valuable and faithful service during a period of forty-two years.

"You have been a very able teacher, and you were, in fact, one of the pioneers in the teaching of blind children in London. Your sympathy with your pupils found expression in the conspicuously good work you did throughout your long career. It is the belief of the Council that the qualities you have displayed have beneficially influenced the lives and assisted in forming the character of the scholars with whom you have come into contact.

"The Council recognises the importance of the personal influence of the teacher, and it desires that you should carry into your retirement a sense of its full appreciation of the work accomplished by you and of the value of the services which you have rendered not only to the Council but to the cause of public elementary education."

**Coventry "Help the Blind" Committee.**—This Committee again kindly bore the College in mind and the Board are grateful for gifts of Strawberries, Sweets, Toffee, Preserved Fruits, Figs, Christmas Puddings and Crackers.

**Concerts.**—Mr. Buckland and the Crystal Palace Authorities again granted permission for the students to attend the special Good Friday and other Concerts during the season, while the Penge and District Choral Society, The Dulwich Philharmonic Society and the Crystal Palace Orchestral Society again placed seats at the disposal of the pupils for all their concerts.

The different Concert Managers also provided opportunities of listening to Recitals and Concerts at the Aeolian and Wigmore Halls.

**Visitors.**—During the year, in addition to large numbers of the General Public on the regular monthly Visiting Days, there were also Dr. Belzer of Amsterdam, Sir Watson Cheyne, Miss Nourse of Montreal, Mr. Davison of Manchester, Mr. R. R. Williams, H.M.I., and friends, Miss Wright and friends from Bolton, Miss Ellis from Leeds, and Dr. Cameron, Medical Officer for Durham.

**Girl Guides.**—These continue to prosper, an extra Patrol having been enrolled as well as six Brownies. In all there are now 28 girls, old and young, keenly interested in this kind of work.

**Conclusion.**—On the 1st March, 1922, commences the Jubilee Year of the College. The reiteration of the following facts will, it is hoped, prove not only to present friends and supporters, but to the public at large, that the claim of the Board of Governors for an Endowment Fund is not an unreasonable one.

1. High efficiency of the four courses of training provided by the College, viz., Literary, Music, Pianoforte Tuning, and Shorthand and Typewriting.
2. Employment by other Institutions of College graduates as teachers, both in music and scholastic work, *e.g.*, London, Birmingham, Newcastle, Glasgow, Southsea, Nottingham, Brighton, Swiss Cottage, etc.
3. Introduction of
  - (a) Higher musical training, whereby the College pupils were the first blind people enabled to take the diplomas of the Royal College of Organists and the Royal Academy of Music as well as the degree of Mus. Bac. Up to date 22 students and graduates hold the Fellowship and 54 the Associateship of the Royal College of Organists, 36 the Licentiateship of the Royal Academy and 3 the degree of Mus. Bac. (Expense has prevented a larger number entering).
  - (b) All forms of physical training—Gymnastics—with and without apparatus; Roller skating; Swimming and Life-Saving, 44 certificates and 17 medallions have been obtained from the Royal Life Saving Society; Cycling; Rowing.
  - (c) Shorthand and Typewriting as a profession.
4. Graduates founders of schools in other parts of the world—Montreal, South Africa, Armenia, Burma, etc.
5. Help afforded to other nations and countries—U.S.A., Sweden, Norway, Russia, India, Japan, South America.

The College is therefore of Imperial and International value.

"A business man who wants success cannot afford to rest on his oars for a moment," neither can those who are working in the Kingdom of the Blind cease their efforts to secure improved equipment and the latest methods of teaching and training. Lack of means is at all times a serious clogging of the wheels of progress.

Every Blind child has a rightful claim to an education from those possessed of sight. an education, which, as Ruskin briefly says, "is the leading human souls to what is best, and making what is best out of them; the training which makes men happiest in themselves also makes them most serviceable to others."

Will you, by your kind contribution, help to maintain, strengthen and support the work of this pioneer College?

Signed on behalf of the Board of Governors.

LAMINGTON,  
Chairman.

## Principal's Annual Report.

### OBITUARY NOTICES.

The Principal has regretfully to announce that Osmond L. Davage, of Sheffield, who graduated as an Organist, Choirmaster, and Teacher of Music, in December, 1916, died on the 11th April. He was an L.R.A.M., F.R.C.O., and winner of the "George Thomas Rose" Memorial Prize. In October, 1917, he was appointed organist of St. Andrews Church, Halstead, a position he was holding at the time of his death. He also had a considerable teaching practice which was steadily increasing.

Alfred Palmer, who graduated in 1883 as a Pianoforte Tuner, succumbed, after a long and painful illness, to tuberculosis on 2nd August. He started in business for himself the following year and continued successfully in Great Yarmouth until his death.

#### GENERAL.

The College closed in December with 141 pupils.

The health of the pupils, except for an epidemic of influenza, has been excellent.

**Changes of Staff.**—In the School Department Miss Hogg and Miss Page resigned and the vacancies were filled by Miss Cornelius and Miss Kennedy.

At Walmer, Miss Damant was succeeded by Mrs. Downey and Miss Powell took over the work of the Primary Matron for the Summer Term.

**Performances by Pupils.**—Barbara Brand and Florence Easter gave successful readings of Scripture at the Annual Meeting of the British and Foreign Bible Society, at the Guildhall, the Lord Mayor presiding. The Senior Girls' Westminster Club gave a Concert for the Upper Norwood Total Abstinence Society and the Upper Norwood Empire Club. The Choir also provided seven Concerts, three at the North End Hall, Croydon, and one each at the Park Hall, Sydenham; the Moffatt Road Church, Thornton Heath; and the North London Homes; the Choir also assisted at a Garden Party in connection with the Croydon Parish Church. Sydney Jones' Organ Recital at St. Clement's Dane, Strand, was a great success and the music provided at the Town Hall, Paddington on behalf of the Barclay Workshops for the Blind was much appreciated.

**Concerts.**—In addition to the Concerts spoken of in the Report of the Board of Governors, at the Crystal Palace, opportunities were afforded the pupils of attending performances at the Aeolian Hall and Wigmore Hall.

**Lectures and Recitals.**—Miss Elsie Horne, assisted by Miss Birnage, provided another very interesting and instructive Lecture on "Form in Music."

Mr. James Friskin, a former professor, gave two interesting Piano Recitals.

The Upper Norwood "Nine O'clocks" most kindly allowed the Concert, provided for them by the London String Quartette, to be given in the College Hall so that the pupils might be afforded the opportunity of hearing the performances.

Mr. H. N. Casson delivered a fascinating Lecture on "Wonders of the Human Body" or "Body Engineering"; Sir Archibald Hunter one on "Reminiscences," and the Rev. Charles Wilson, of Christ Church, an address on "Cheerfulness."

Mr. Lundy, of Messrs. Barr and Stroud, assisted by Miss Mary Jameson, a former pupil, gave an interesting demonstration of the Optophone.

During the year Mr. Lines and Mr. Kelly amplified their actual teaching in the Tuning Department by lecturing on such subjects as "How to work up a Private Connection"; "How to become introduced to a Firm"; "Pedal Work"; "Polishing"; "Sticker Action"; "Tone," etc.

**British Empire Shakespeare Society (Norwood Branch).**—The members of the Society read during the year "Fanny's First Play," Barnard Shaw, "Henry IV." (part 2), "Henry VIII.," and "Henry V." The number of readings now total forty-two.

**College Functions.**—Under the direction of Miss M. A. Harker, the Senior Boys produced very fine performances of "Bubbles" and "Vice Versa," while the Girls held a very successful Concert on behalf of the "Waifs and Strays" looked after by the Girls' Friendly Society.

The Club Socials and Cinderellas continue flourishing.

Sports Days' were successfully carried through in July by both the Boys' and Girls' Schools.

## REGULATIONS FOR VISITING THE COLLEGE.

---

The College is situated at Upper Norwood. The principal entrance is in Westow Street. An outline Map, showing the position of the College and of the different Railway Stations, Motor 'Bus and Tram Halts in the neighbourhood, will be found on the next page.

The regular Visitors' Days the first Thursday afternoon in each month, except during January, April, August, and September. Visitors will have an opportunity of inspecting the various departments from 3.15 to 5.15 p.m.

Parents or friends may visit the pupils on the first Wednesday in the month, between 3 and 5.30 p.m. If, for any special reason, parents wish to see their children at other times, they should write to the Principal for an appointment. As a rule, it is not expected that more than two friends will visit any pupil on the same afternoon. When visiting the College, parents are earnestly requested not to bring young children with them.

The Principal can be seen on business by appointment.

 *Friends cannot visit the pupils on Sunday ; this rule is strictly enforced.* Parents are specially requested not to bring or send sweets or eatables to the children. If the children go out with their parents, they must not undertake commissions for other pupils.
